

Fire procedures

Make sure you know what to do

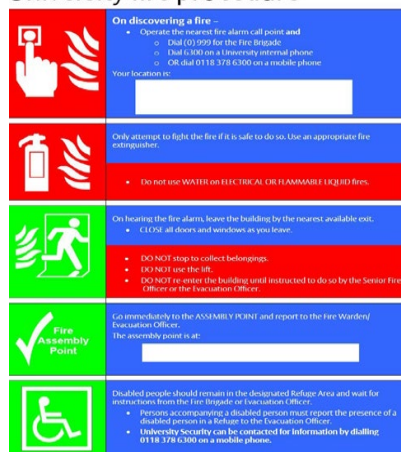

Fire action posters

When you are in a building, familiarise yourself with the information on the building Fire Action Notice. These will be located adjacent to fire alarm break glass call points.

Fire alarms

- This building has a fire alarm system that incorporates automatic fire detection.
- A red break glass fire alarm call point is located at every staircase or external exit door.
- If you discover a fire and the fire alarm is not yet sounding, then raise the alarm by pressing the red break glass call point.
- The sound will be a two tone siren.
- Visual warning signals are provided which will be a strobe and sounder beacon.

University fire procedure

The poster is divided into five horizontal sections with icons and text:

- On discovering a fire:** Operate the nearest fire alarm call point and:
 - Dial (0) 999 for the Fire Brigade
 - Dial 0300 on a University internal phone
 - Or dial 0118 378 6300 on a mobile phoneYour location is: []
- Only attempt to fight the fire if it is safe to do so. Use an appropriate fire extinguisher.**
 - Do not use WATER on ELECTRICAL OR FLAMMABLE LIQUID fires.
- On hearing the fire alarm, leave the building by the nearest available exit.**
 - CLOSE all doors and windows as you leave.
 - DO NOT stop to collect belongings.
 - DO NOT use the lift.
 - DO NOT re-enter the building until instructed to do so by the Senior Fire Officer or the Evacuation Officer.
- Go immediately to the ASSEMBLY POINT and report to the Fire Warden/ Evacuation Officer.** The assembly point is at: []
- Disabled people should remain in the designated Refuge Area and wait for instructions from the Fire Brigade or Evacuation Officer.**
 - Persons accompanying a disabled person must report the presence of a disabled person to the Evacuation Officer.
 - University Security can be contacted for information by dialling 0118 378 6300 on a mobile phone.

Fire Action Notice

Fire alarm call point

Green emergency door release

Fire exits

- On hearing or seeing the fire alarm sounding make your way to the nearest available safe exit route and leave the building without delay.
- Swipe access doors on escape routes will automatically release on the activation of the fire alarm.
- A green break glass call point is located next to the swipe access door. Should the door not release press the middle of the green break glass call point and the door will release.
- Emergency conditional strobe with signage is between Harry Nursten and Hopkins link corridor.
- When the alarm is sounding in the Hopkins building this strobe will off then this route maybe used.
- When the fire alarm is sounding in the Harry Nursten building then the strobe over the door will flash which means Do not proceed.

Fire exit sign and wheelchair-friendly fire exit route sign

Fire assembly point sign

Fire assembly point

- Make your way to the designated fire assembly point. This will be identified in the building fire action notice.
- Do not re-enter the building.
- Wait at the assembly point until you are informed by the Evacuation Officer or University Security that it is safe to return.

Do not use lifts

Disabled refuge

Windcrest refuge and lift communications intercom

Commend refuge communications intercom

Passenger lifts

- This building has passenger lifts. When the fire alarm sounds the lifts will automatically go to the ground floor where the lift doors will open.
- The lifts will remain out of action until the fire alarm is over.
- Do not attempt to use the lifts in the event of a fire emergency – always use the nearest available safe fire exit route via the stairs.

Disabled refuge

- This building allows access to the upper floors (via passenger lifts) and has fire refuges.
- All refuges provide protection from fire and smoke for a minimum of 30 minutes and can be found on the exit routes in the fire exit staircase, or evacuation lift lobby.
- If the fire alarm sounds you should move to a refuge.
- A member of the building fire evacuation team will return to you in the refuge until there is a need to be evacuated, or the all clear is given.
- You will be assisted from the refuge on confirmation of a real fire. This is to avoid unnecessary stress upon you being evacuated due to a false alarm.
- This building has an Escape chair and an Escape mattress is located in a nearby building.
- The University has trained staff to operate the evacuation lift, escape chair, and escape mattress.

Evacuation lift refuge

- This building has an evacuation lift.
- Follow the instructions on the information poster in the refuge to summon assistance via the silver Windcrest communications intercom.
- Press the button on the evacuation intercom button in order to let Security know that you in the refuge and may need assistance.
- The lift will need to be operated by a member of the building evacuation team.

Staircase refuge

- Follow the instructions on the information poster in the refuge to summon assistance via the red Commend communications intercom.
- Press the button on the evacuation intercom in order to let Security know that you are in the refuge and may need assistance.

Escape Chair

Escape Mattress
