

Summary of the University Committee for Research and Innovation meeting (UCRI) February 26

Please see below a brief summary of the main topics of discussion at the UCRI February meeting:

At our operational meeting this month we:

- Discussed the UoRM R&I Strategy 2025 to 2030 and alignment of KPIs with Malaysian Research Assessment (MyRA standards) with Mustafa Klufallah, Research Director UoRM.
- Received an update on the progress of the Research Assessment Implementation Group.
- Considered a draft proposal to repurpose the RDF Open Call for large strategic bid support.

In other news we:

- Approved additional resource to support the Food Consortium IDLA Project.
- Approved a request from CeLM IDRC for additional RDF funding to pump prime projects aligned to strategic aims.
- Considered the 25/26 RDF committed and actual spend summary to January 26.
- Agreed to celebrate ECR Output Prize winners at the summer research briefing.
